Fran Cosmo former lead singer of Boston

Performing an ALL-HITS SHOW

Fran Cosmo is best known as a former lead singer of the band Boston. Cosmo performed in Boston tours from 1994 to 2004, and currently performs in the band Fran Cosmo, former lead singer of BOSTON along with Anthony Cosmo - 8 year veteran, songwriter, lead guitar player and vocalist of Boston, Bernie Garzio on bass, Mick Brooks on guitar, Gary Johnson, Rusty Foulke - keys/guitar & a songwriter for Boston, and Tom Moonan – recording drummer for Boston.

Fran Cosmo was first featured on Boston guitarist Barry Goudreau's self titled solo album in 1980, a prelude to the formation of Orion the Hunter in 1983. Orion the Hunter released an album in 1984 on Columbia Records, which yielded a hit single "So You Ran", featuring the sky-high vocals which prompted Cosmo's entrance to Boston in 1993.

In 1994, Fran Cosmo was featured as the sole lead vocalist on the Multi-Platinum Boston disc *Walk On*, which reached #7 on the Billboard Charts and produced three hit singles, including "I Need Your Love", which climbed to #4 Mainstream Rock Chart, in spite of the growing popularity of the Seattle-Driven grunge movement.

Upon Delp's return to Boston, the two shared vocals in concert, where Delp said Cosmo covered "the really tough high parts." In 1997, Cosmo was again featured on Boston's 'Greatest Hits' Album, and took an even larger role in the 2002 album *Corporate America*, with the addition of co-production to his credits as vocalist.

Cosmo was originally formed in the mid 1990's shortly after Fran's return from Boston's highly anticipated 1994 *Walk On* tour. The group experimented within the realm of Post-Grunge and Brit-Pop which controlled the radio, and it was in this time period that the group recorded several songs which would eventually be released on Boston's "Corporate America" Album. On January 13, 1999, Tom Scholz, Brad Delp and Fran Cosmo appeared on Rockline Radio to debut two of these songs; concurrently introducing Anthony Cosmo as the newest member of Boston. The new material included an extended version of Cosmo's "Turn it Off" (which lacked several guitar and organ solos found in the final cut) and 'Someone', which featured Brad Delp on vocals. However, masterfully edited and 80's guitar-laced versions of Cosmo's "Turn it Off", "Cryin'" and "Stare Out Your Window" would ultimately appear on *Corporate America* as a massive departure from the rest of the songs on the disc.

Following the subsequent *Corporate America* tour, Fran and Antonio departed from the band and re-formed Fran Cosmo, former singer of BOSTON in its current form.

Mr. Cord Coslor
Celebrity Direct Entertainment
PO Box 494314
Port Charlotte, Florida 33949

Dear Mr. Coslor:

Fran Cosmo and his band made our day with his performance at the Four Points by Sheraton Sebring, Chateau Elan. Not only is Fran a vocal legend, but he is a true showman getting his audience involved with the show every step of the way.

The performance may have been the highest energy act that we have had.... amazing vocals and amazing guitar and drums throughout! They did ALL the hits and it kept the audience on their feet the entire 90 minutes!!!

Following the performance, our guests truly appreciated the way he stood and gave autographs and posed for pictures. He was down to earth and seemed more than happy to be there with each and every one. We have received so many compliments on this show.... more so than any other performance we've had.....

we will DEFINITELY be bringing him back!

As always, it is a pleasure to work with you and Celebrity Direct Entertainment. You have supplied countless national acts to us at amazing prices, and for that I am thankful to YOU for making our venue of the premier entertainment venues in this area.

Please direct any potential clients of Fran's to me.... I would be happy to provide a reference to you.
