Dear Elaine,

I just wanted to drop you a line and thank you for the wonderful job you did at the recent EMG conference we did at the Century Plaza Hotel.

The guests were enthralled with your work. For the next two days after your performance you were the topic of numerous conversations. There also may be future work for you with their satellite link program this year. I will keep you posted.

Again, thank you.

Sincerely,

Joel Howard

To Whom It My Concern:

My name is Robert A. Baum and I am the great grandson of L. Frank Baum, the author of "The Wonderful Wizard of Oz." I have known Elaine Horn for several years and have had the pleasure of working with her at numerous "Oz" events.

Her portrayal of Judy Garland as DOROTHY from 'The Wizard of Oz' brings the story to life before your eyes. Her professional demeanor and infectious spirit captivate all who are present, making them part of the event. The joy and laughter emanating from her audience attest to her ability to portray the character and spirit of 'Oz' as it was meant to be. Watching Elaine work is like skipping down the 'Yellow Brick Road' with a smile on your face. She makes any event a delight to attend.

Ozily yours,

Robert A. Baum
