Greetings!

We have an exclusive, limited time, booking special price taking place now. If you're an entertainment buyer, jump on this chance now. If you're an agent, pass this along to your clients! If you're looking to book a top-notch, national group, in 2010 or 2011 (even for select 2009 remaining dates) — you have to check out this show.

Pam Darden's Marvelettes Revue is an energetic, finely polished, professional 1 hour show that is perfect for virtually any venue - senior center, casino, private party, concert hall! We have been given exclusive permission to sell this show for \$4000 TOTAL anywhere in the continental United States! We are also offering a drastically discounted price for overseas work. For this special, Pam Darden and the girls will perform all the favorite Motown Marvelette classic hits (Please Mr. Postman, Beachwood 45789, Playboy, etc.) to recorded backing tracks. Hiring a local band is not necessary. Renting backline is not necessary. Paying airfare for our band is not necessary. You will still receive an energetic stage show — with professionally recorded backing tracks, offering a truly full concert sound — at the fraction of the price.

Darden, who was with Gladys Horton's touring Marvelettes during the 1980s and 1990s brings an amazing show to your doorstep. She is joined by Karen Evans (a Ray Charles Raylette for 10 years) and Lyssa Diaz — both longtime members of Darden's Marvelettes Revue. All three are accomplished professionals that thrive in the excitement of the Marvelettes music.

If contracts and deposit are received before March 1, 2010 — we will extend this special offer to you! This is a discounted rate with over a \$2000 savings.

All we ask is for a \$3000 deposit (to allow us to book transportation), with \$1000 payable at the show. We request just 4 hotel rooms, ground transportation from the airport, a PA system to plug into, a sound tech., 1 meal for 4, three chairs on stage, two or three floor monitors, changing room with mirror, and three wireless or corded mics. THIS FEE INCLUDES ALL AIR TRANSPORTATION TO ANYWHERE IN THE CONTINENTAL UNITED STATES.

Please call us today at 941.624.2254 to request additional information (we do have audio and video available) or to have a contract issued right away. Please mention this e-mail when you call. Again, the final deadline is September 1st! A biography is below, and I have a attached Pam Darden's Marvelettes Revue promo pack, and publicity photo, to this e-mail.

** Please note that under no circumstances will we allow billing of this show as The Marvelettes, Original Marvelettes, or anything inferring that Ms. Darden was an original member of the group.... So please don't ask. And, yes, that includes overseas as well. This is the most realistic revue and tribute in the world!

Give us a call today and we will get contracts issued ASAP! Be sure to check out our complete artist roster, and promo materials, at <http://www.celebritydirect.net>

The Marvelettes Revue
FEATURING PAM DARDEN

Now, Then.... and Forever!

A perfect combination! Creatively combining those oldies but goodies with today's modern music. That's right, you've got it! They make "Now, then & forever" unfold right before your eyes!

Pam Darden and her gals realized they had the same creative dream, to recreate a musical lifetime right there on stage. Each had experienced their moment of greatness, but never like this! What a combination! What a celebration!

THE HISTORY OF THE MARVELETTES

The Marvelettes occupy an esteemed place in the history of American popular music as the group that cause Motown, and most notably Berry Gordy, to change the label's focus from single bluesy soul artists (previously Barret Strong's "Money" had been the label's biggest seller) to a smooth, orchestrated, harmonic sound that transcended the prior racial limits of rhythm and blues. With their first record, "Please Mr. Postman" hitting the top spot on the charts and selling 3-million records in a crossover market, Motown began to concentrate on groups like the Marvelettes, Supremes, Temptations, Four Tops, and Martha Reeves & The Vandellas, creating a new group pop soul sound that totally dominated the music charts until the advent of the Beatles four years later.

During their reign at the top of the charts, the girls were to turn out more than a dozen hits, eight of which went Top 10.

The Marvelettes gave Motown its first certified number 1 hit with "Please, Mr. Postman" which set into motion the Motown sound worldwide. The Marvelettes helped to set the stage for an era in music history that is unforgettable, and best, unmistakable.

The Marvelettes are a very unique group combining the talents of three singers from diversified background. The result is a strong definitive sound built on confidence and ability.

Pam Darden began her career singing in the Baptist Church. At a very young age, Pam began singing in local groups and doing live stage performances. She grew up in a town where The Manhattans, Soul Generation, and Kool and the Gang were her partners on the local scene. She then began singing with the Adlibs, whos main hit was The Boy From New York City. Pam knew she was headed for stardom when she auditioned and became a member of Motown's #1 Girl Group, The Marvelettes... performing with original member Gladys Horton's group for several years during the 1980s & 90s! Pam has also collaborated with Alton Taylor, and the late Victor Mickens who wrote the hit song "Summer Madness" for Kool and the Gang. Together, Pam, Alton, and Victor wrote 25 songs!

Celebrity Direct Entertainment presents a very unique group combining the talents of three singers from diversified backgrounds. This combination has resulted in a strong definitive sound built on confidence and ability. Once you see and hear them -- you'll know!!

BIOGRAPHY

The Marvelettes Revue was developed by Pam Darden who performed out front as a Marvelette for the Original Marvelettes Revival from 1980 through 1990. Pam was recruited by Gladys Horton who was responsible for all the great lead work at Motown records for the Marvelettes hits such as "Please Mr. Postman," "Playboy," "Don't Mess with Bill" and many more. Pam toured, did videos and radio shows with the Marvelettes. Pam not only replaced Wanda Young in the Original Marvelettes but she also recorded and toured with another Grammy Award Winning Group called the Adlibs who were responsible for the original, Grammy-winning song called "The Boy from New York City". Early in her career Pam was a Kool & The Gang Studios Artist where she was being groomed for the big time. Pam believes in the music she sings and knows it lives now, as it did then, and knows it will last forever !

Charlotte Williams is a vocalist whose style of music ranges from R&B, contemporary gospel, pop, jazz and more. A Baltimore native, Charlotte grew up singing in local churches and talent shows. She would go on to lead an all-female group "E Z Access" who headlined such venues as The Roxy and The Roosevelt. She also would later join the international tour of "So Blessed" with Dove Award nominee Donna McAfee.

Shari Rhone joined the Marvelettes Revue coming from a very strong film, dance and singing background. She's appeared on The Tonight Show with Jay Leno, and as an actress, singer and dancer in several films. She toured with a production of The Lion King and has been a choreography for Disneyland. Shari has also been a member of nationally touring tribute shows.

The Marvelettes Revue is Directed by Darrell Diaz. The Marvelettes Revue repertoire is the Marvelettes Hit songs and 1960's Oldies, Motown, and other hits for their audiences listening pleasure. We are honoring the Original Marvelettes and their wonderful work in the music business throughout the years.
